### NEW ACCOMMODATION

Due to ever increasing demand for our high quality on-campus residential en-suite bedrooms, we have just completed the first phase of a new en-suite accommodation wing. **The 'Kimmeridge' suites.**

### NEW FOR 2018

Our updated Junior English through **Popular Culture PLUS Excursions, Fun & Games Course** for 2018 will include a weekly selection of English language classes focusing on the most popular aspects of British culture. From popular films such as Harry Potter and Sherlock, lyrics from British pop music, classic and modern literature like Tolkien and Roahl Dahl, football and sports icons plus much more. This is in addition to evening entertainment 7 days per week, full-board college accommodation in standard college bedrooms, full-day and half-day excursions, International Student Insurance and Student Welfare Support.

### SEMESTER MENTOR PROGRAMME

We will be working with our local High School this year to provide a British Mentor for each of our International Academic Semester students. They will experience each others' school days and will keep in contact socially throughout the semester as well as taking part in joint sports activities and celebrations. The local young people will help our international students settle into life in the UK and integrate into the community as well as practise their English in a natural way.

### VIDEO TESTIMONIALS

Check out our YouTube and social media channel for all our latest promotional videos. These include testimonials from students on our Academic Semester and High School / GCSE Programmes.

### WE'VE JOINED BETA

The Swanage Centre recently joined the **British Educational Travel Association (BETA)** as full members. As a result, we are now receiving year round bookings from EU based travel operators keen to accommodate large school groups in our purpose built residential centre.

### NEW FACILITIES

Continued investment in our premises (officially rated as 'Outstanding' by OFSTED), sees the opening of a new purpose built multi-functional study facility. **The Studland Room.**
